

From John Gillis - The Parochial Athletic League Director

New League Rule Regarding Referees & Coaches

Each team will be allowed "ONE" head coach who will be the spokesperson for that team. That "head coach" will be asked to participate in the coin toss at the beginning of the game and at that time will be instructed that he/she is the ONLY person on the sideline who can speak with the referees. If anyone other than that "head coach" makes comments or addresses the referee IN ANY WAY the "head coach" will be warned and then ejected from the game. The "head coach" will also be responsible for all parents and players actions and may be ejected for the behavior of those the "head coach" is responsible for.
